

Sr. Division
(Grades Eight through Twelve)

Notification and Attendance Policy

As a recreational and instructional program, Fast Break Basketball Association participants are encouraged to attend all scheduled sessions. It is understood that at times our children have other more important obligations than FBBA basketball, and on occasion will need to miss scheduled basketball sessions. In the event that your child needs to miss a scheduled session, it is necessary that you notify your coach in advance by phone call.

Coaches dedicate their time and effort for our children, and as such, deserve our support and courtesy. It becomes difficult for FBBA coaches to plan instructional practices and game strategies when he/she does not know how many players will be in attendance.

Therefore, we are adding the following attendance policy: Coaches have the authority to use their discretion in benching a player during a game, including not letting him/her play at all in a game, if that player is repeatedly absent without advanced notification.

Thank you,
Fast Break Basketball Association
